HOW IT WORKS...

01

Free initial meeting with the company to discuss its activities and undertake an initial assessment of possible R&D activities

02

Meet with key technical staff at the company to identify R&D projects and to discuss these in detail

03

Prepare the R&D Tax Report to summarise the projects and qualifying costs

04

When approved by the company, we submit the final report to HMRC and provide you with a copy

05

Keep you fully informed on progress and help you through the R&D tax claim submission process

It's that simple...
